

MOTION BY SUPERVISOR DON KNABE

September 29, 2015

RELATED TO ITEM 54

More attention needs to be focused by the County on code enforcement issues in our unincorporated communities. Countywide, the Department of Regional Planning is stretched thin to cover basic zoning code enforcement inspection services, leaving very little manpower to proactively address other, serious, ongoing code enforcement and land use matters that, if not actively managed and sensitively addressed, contribute to the broken-window syndrome that negatively impacts our communities.

I, THEREFORE, MOVE that the Board of Supervisors instruct the Interim Chief Executive Officer and the Director of Regional Planning to report back on or before, the mid-year budget adjustment in January, with recommendations to improve zoning code enforcement services throughout the County, beginning in Fiscal Year (FY) 2015-16 and FY 2016-17.
